

Emergency Signage Trailer

This fully galvanized trailer contains everything you need for easy and quick emergency road closures. All signage shown is customizable, and additional rivets allow for the message to be easily changed, making the trailer even more versatile.

Product Specifications

Fully galvanized, will not rust
Fitted with four adjustable stabilizer legs
Extra trailer hitch for towing two in tandem
Extends to 8' x 10' when deployed
Folds up to 9' L x 6' 3" W x 4' 6" H for travel and storage

Included Items

Two red flashing lights - battery or solar powered
Two vinyl flags
Mesh basket for sandbags
Two 30x90cm red/white tigertail signs
RB19 Do Not Enter symbol 60x60cm
Main sign 120x90cm, customizable

Additional Sign Overlays

Use your trailer in more scenarios by using added signage to change the messaging

Full sized sign overlays allow for an entirely new message to be used, completely covering the existing sign and secured with four bolts.

Bottom tab overlays allow for the existing message to be adjusted, covering the bottom portion only and secured with four bolts.
